

Lecture 8.1 Law of Mass Action and what equilibrium constants tell us.

Note Title

9/19/2011

$$\text{L.M.A. } K = \frac{\text{products}}{\text{reactants}}$$

$$K \approx 1$$

$$[\text{Products}]_{\text{eq}} \approx [\text{reactants}]_{\text{eq}}$$

rxn favors neither prod. nor react
